⌚ MEA & CIS

## BEAT THE EXTREME WITH BOBCAT'S 1150–1200 CFM AIR COMPRESSORS

Built to thrive in the toughest conditions, our large air compressors are engineered to perform in temperatures up to 54 °C. They offer the perfect blend of cost-efficiency and high performance, making them ideal for large-scale operations. Plus, with low-maintenance batteries and a 3-stage air intake cleaning system, you'll enjoy superior air quality and operational convenience wherever you need it.

At Bobcat, we understand the importance of having the right products and services. For more information contact your local dealer or visit: [www.bobcat.com](http://www.bobcat.com).

## MADE FOR TOUGH JOBS

With a central lifting point, this compressor is easy to transport and set up quickly at any location. Once in place, it's ready to handle anything, thriving in high temperatures and operating reliably even in conditions up to 54 °C.

## YOUR COMPRESSOR, YOUR WAY

Need more flexibility? Our large air compressors offer just that. Equip them with off-road running gear and extra fuel tanks for easier site maneuverability. Enjoy features like a spillage-free frame, maintenance-free batteries, and lockable doors on any variant you choose.
